## **Former East Coast Sales Rep, Dave Wolfe, Joins ECM USA as Senior Sales Engineer**

Pleasant Prairie, WI – February 1, 2024

ECM USA is excited to announce the addition of Dave Wolfe to our team as a Senior Sales Engineer. Formerly serving as an East Coast representative based in Pennsylvania, Dave brings a wealth of experience to our organization. His extensive sales background encompasses not only ECM vacuum furnaces but also spans 30 years of technical sales expertise, demonstrating a consistent track record in delivering customer-focused solutions for a diverse range of thermal processing equipment, including Photovoltaic/PV applications.

Prior to joining ECM USA, Dave played a pivotal role as the owner and Technical Sales Professional at Augusta Energy Solutions, LLC, where he focused on industrial equipment, specializing in thermal applications for the Mid-Atlantic states. With a remarkable resume boasting an MBA and a BA in Physics and Economics, Dave's expertise is a valuable addition to the continued growth of our US sales team.
